Karen: Which agent? I want to google :)
me: k, one sec, on the phone
me: http://www.observer.com/2007/ooh-fuzzy-kinder-gentler-jackal-so-far-settles-wylie-agency
Karen: Interesting! What did you send him?
me: the proposal I wrote up a while back
me: I showed it to you back then
Karen: Which?
me: Hot, Fat, Clouded
me: you've got it
Karen: Oh, and who referred you to this guy?
me: this guy
me: http://en.wikipedia.org/wiki/David_Berman_(musician)
Karen: Why aren't you pitching a book about Anonymous?
me: because we already have an agent for that
Karen: Who is the guy you are in a twitter war with, fakegreghoush?
me: we're not sure about his actual identity
me: my advice is to pay less attention to all of this
me: I only respond to those people occasionally with a bit of sarcasm
me: I really do not want my mother having to worry about these people
me: okay?
Karen: Well why respond to them at all?
me: I have my reasons
Karen: Are people really getting arrested? You haven't done anything illegal, right?
me: nope
me: I don't know if there have been arrests
Karen: Has the real Greg Housh done anything illegal this time?
me: nope
Karen: OK, nighty nighty.
me: night night, love you, gotta go yell at the cats
